It is recognized that every director in exercising powers and discharging duties must act honestly and in good faith with a view to the best interest of the Company. Directors must exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. In this regard, they will comply with their duties of honesty, loyalty, care, diligence, skill and prudence.

In addition, directors are expected to carry out their duties in accordance with policies and regulations adopted by the Board from time to time.

It is expected that management will co-operate in all ways to facilitate compliance by the Board with its legal duties by causing the Company and its subsidiaries to take such actions as may be necessary in that regard and by promptly reporting any data or information to the Board that may affect such compliance.

4. Expectations of Directors

The Board has developed a number of specific expectations of directors to promote the discharge by the directors of their responsibilities and to promote the proper conduct of the Board.

- (a) ***Commitment and Attendance.*** All directors are expected to maintain a high attendance record at meetings of the Board and the committees of which they are members. Attendance by telephone or video conference may be used to facilitate a director's attendance.
- (b) ***Preparation for Meetings.*** All directors are expected to review the materials circulated in advance of meetings of the Board and its committees and should arrive prepared to discuss the issues presented. Directors are encouraged to contact the Chair, and if one has been appointed and if appropriate, the Lead Director, the Chief Executive Officer and any other appropriate executive officer(s) of the Company to ask questions and discuss agenda items prior to meetings.
- (c) ***Participation in Meetings.*** Each director is expected to be sufficiently knowledgeable of the business of the Company, including its financial statements, and the risks it faces, to ensure active and effective, and candid and forthright participation in the deliberations of the Board and of each committee on which he or she serves.
- (d) ***Loyalty and Ethics.*** In their roles as directors, all members of the Board owe a duty of loyalty to the Company. This duty of loyalty mandates that the best interests of the Company take precedence over any other interest possessed by a director. Directors are expected to conduct themselves in accordance with the Company's Code of Business Conduct and Ethics.
- (e) ***Other Board Memberships and Significant Activities.*** The Company values the experience directors bring from other boards on which they serve and other activities in which they participate, but recognizes that those boards and activities also may present demands on a director's time and

availability and may present conflicts or legal issues, including independence issues. Each member of the Board should, when considering membership on another board or committee, make every effort to ensure that such membership will not impair the member's time and availability for his or her commitment to the Company. Directors should advise the Chair and the Chief Executive Officer before accepting membership on other public company boards or any audit committee or other significant committee assignment on any other board, or establishing other significant relationships with businesses, institutions, governmental units or regulatory entities, particularly those that may result in significant time commitments, a change in the member's relationship to, or potential conflict of interest with, the Company.

- (f) ***Personal Conduct.*** Directors are expected to: (i) exhibit high standards of personal integrity, honesty and loyalty to the Company; (ii) project a positive image of the Company to news media, the financial community, governments and their agencies, shareholders and employees; (iii) be willing to contribute extra efforts, from time to time, as may be necessary including, among other things, being willing to serve on committees of the Board; and (iv) disclose any potential conflict of interest that may arise with the affairs or business of the Company and, generally, avoid entering into situations where such conflicts could arise or could reasonably be perceived to arise.
- (g) ***Confidentiality.*** The proceedings and deliberations of the Board and its committees are confidential. Each member of the Board will maintain the confidentiality of information received in connection with his or her service as a director.

5. **Meetings**

The Board will meet not less than four times per year: three meetings to review quarterly results and one meeting prior to the issuance of the annual financial results of the Company. The Board shall meet periodically without management present to ensure that the Board functions independently of management. At each Board meeting, unless otherwise determined by the Board, an in-camera meeting of independent directors will take place, which session will be chaired by the Chair of the Board or, if the Chair is not independent within the meaning of NI 58-101 and one has been appointed, the Lead Director. In discharging its mandate, the Board and any committee of the Board will have the authority to retain and receive advice from outside financial, legal or other advisors (at the cost of the Company) as the Board or any such committee determines to be necessary to permit it to carry out its duties.

The Board appreciates having certain members of senior management attend each Board meeting to provide information and opinion to assist the directors in their deliberations. Management attendees who are not Board members will be excused for any agenda items which are reserved for discussion among directors only.

6. **Board Meeting Agendas and Information**

The Chair, and if one has been appointed, the Lead Director, in consultation with management, will develop the agenda for each Board meeting. Agendas will be distributed to the directors before each meeting, and all directors shall be free to suggest additions to the agenda in advance of the meeting.

Whenever practicable, information and reports pertaining to Board meeting agenda items will be circulated to the directors in advance of the meeting. Reports may be presented during the meeting by members of the Board, management and/or staff, or by invited outside advisors. It is recognized that under some circumstances, due to the confidential nature of matters to be discussed at a meeting, it will not be prudent or appropriate to distribute written materials in advance.

7. **Measures for Receiving Shareholder Feedback**

All publicly disseminated materials of the Company shall provide for a mechanism for feedback of shareholders.

8. Telephone Board Meetings

A director may participate in a meeting of the directors or in a committee meeting by means of telephone, electronic or such other communications facilities as permit all persons participating in the meeting to communicate with each other and a director participating in such a meeting by such means is deemed to be present at the meeting.

While it is the intent of the Board to follow an agreed meeting schedule as closely as possible, it is felt that, from time to time, with respect to time sensitive matters telephone board meetings may be required to be called in order for directors to be in a position to better fulfill their legal obligations. Alternatively, management may request the directors to approve certain matters by unanimous written consent.

9. Expectations of and Access to Management

Management shall be required to report to the Board at the request of the Board on the performance of the Company, new and proposed initiatives, the Company's business and investments, management concerns and any other matter the Board or its Chair may deem appropriate. In addition, the Board expects management to promptly report to the Chair or, if one has been appointed and if appropriate, the Lead Director, any significant developments, changes, transactions or proposals respecting the Company or its subsidiaries. All members of the Board should be free to contact management at any time to discuss any aspect of the Company's business. Directors should use their judgement to ensure that any such contact is not disruptive to the operations of the Company. The Board expects that there will be frequent opportunities for members of the Board to meet with management in meetings of the Board and committees, or in other formal or informal settings.

10. Access to Outside Advisors

The Board may, in its sole discretion, retain and obtain the advice and assistance of such advisors as it deems necessary to fulfil its duties and responsibilities under this Charter. The Board may set the compensation and oversee the work of such advisors to be paid by the Company.

11. Communications

The Board shall approve the content of the Company's major communications to shareholders and the investing public including any annual report, management information circular, annual information form and any prospectuses which may be issued. The Audit Committee shall review and recommend to the Board the approval of the quarterly and annual financial statements (including management's discussion and analysis) and press releases relating to financial matters. The Compensation, Nominating and Governance Committee shall review and recommend to the Board for approval reports regarding executive compensation and the Company's system of corporate governance practices.

The Board shall monitor the effectiveness of the Company's communications, including measures for receiving feedback from stakeholders. The Board will appoint an independent, non-executive director to be available to stakeholders with concerns should communications with management fail to resolve the issue or such contact is inappropriate.

The Board shall have responsibility for reviewing the Company's policies and practices with respect to disclosure of financial and other information including insider reporting and trading. The Board shall approve and monitor the disclosure policies designed to assist the Company in meeting its objective of providing timely, consistent and credible dissemination of information, consistent with disclosure requirements under applicable securities law. The Board shall review the Company's policies relating to communication and disclosure on an annual basis.

12. Internal Control and Management Information Systems

The Board has responsibility for the integrity of the Company's internal control and management information systems. All material matters relating to the Company and its business require the prior approval of the Board, subject to the Board's ability to delegate such matters to, among others, the Company's Audit Committee, Compensation, Nominating and Governance Committee, Disclosure Committee and management. Management is authorized to act,

without Board approval, on all ordinary course matters relating to the Company's business subject to any management authority guidelines adopted by the Board.

The Audit Committee has responsibility for ensuring internal controls are appropriately designed, implemented and monitored and for ensuring that management's financial reporting is complete and accurate, even though management may be charged with developing and implementing the necessary procedures.

13. Delegation of Powers

The directors may establish one or more committees and may delegate to such committees any of the powers of the Board. The directors may also delegate powers to manage the business and affairs of the Company to such of the officers of the Company as they, in their sole and absolute discretion, may deem necessary or desirable to appoint, and define the scope of and manner in which such powers will be exercised by such persons as they may deem appropriate.

The Board retains responsibility for oversight of any matters delegated to any director(s) or any committee of the Board, to management or to other persons.

14. Board Effectiveness

The Board shall review and, if determined appropriate, approve the recommendations of the applicable committee of the Board, if any, concerning formal position descriptions for the Chair and, if one has been appointed, the Lead Director, and for each committee of the Board, and for the Chief Executive Officer, provided that in approving a position description for the Chief Executive Officer, the Board shall consider the input of the Chief Executive Officer and shall develop and approve corporate goals and objectives that the Chief Executive Officer is responsible for meeting (which may include goals and objectives relevant to the Chief Executive Officer's compensation, as recommended by the applicable committee of the Board, if any).

The Board shall review and, if determined appropriate, adopt a process recommended by the applicable committee of the Board, if any, for reviewing the performance and effectiveness of the Board as a whole, the committees of the Board and the contributions of individual directors on an annual basis.

15. Education and Training

The Board will provide newly elected directors with an orientation program to educate them on the Company, their roles and responsibilities on the Board or Committees, as well as the Company's internal controls, financial reporting and accounting practices. In addition, directors will, from time to time, as required, receive: (a) training to increase their skills and abilities, as it relates to their duties and their responsibilities on the Board; and (b) continuing education about the Company to maintain a current understanding of the Company's business, including its operations, internal controls, financial reporting and accounting practices.

16. No Rights Created

This Charter is a broad policy statement and is intended to be part of the Board's flexible governance framework. While this Charter should comply with all applicable law and the Company's constating documents, this Charter does not create any legally binding obligations on the Board, any Committee, any director or the Company.
