

Investor Presentation

August 2023

A VITAL LINK
IN HEALTHCARE

Cautionary Note Regarding Forward-Looking Information

This presentation contains “forward-looking information” and “forward-looking statements” (collectively, “forward-looking information”) within the meaning of applicable securities laws. Forward-looking information may relate to our future financial outlook and anticipated events or results and may include information regarding our financial position, business strategy, growth strategies, addressable markets, budgets, operations, financial results, plans and objectives. In some cases, forward-looking information can be identified by the use of forward-looking terminology such as “plans”, “targets”, “expects” or “does not expect”, “is expected”, “an opportunity exists”, “budget”, “scheduled”, “estimates”, “outlook”, “forecasts”, “projection”, “prospects”, “strategy”, “intends”, “anticipates”, “does not anticipate”, “believes”, or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “would”, “might”, “will”, “will be taken”, “occur” or “be achieved”. In addition, any statements that refer to expectations, intentions, projections or other characterizations of future events or circumstances contain forward-looking information. Statements containing forward-looking information are not historical facts but instead represent management’s expectations, estimates and projections regarding future events or circumstances. This forward-looking information and other forward-looking information are based on our opinions, estimates and assumptions in light of our experience and perception of historical trends, current conditions and expected future developments, as well as other factors that we currently believe are appropriate and reasonable in the circumstances. Despite a careful process to prepare and review the forward-looking information, there can be no assurance that the underlying opinions, estimates and assumptions will prove to be correct. Certain assumptions in respect of our ability to execute our growth strategies; our ability to retain key personnel; our ability to maintain and expand geographic scope; our ability to obtain financing on acceptable terms; interest rates; the impact of competition; the changes and trends in our industry or the global economy; and the changes in laws, rules, regulations, and global standards are material factors made in preparing forward-looking information and management’s expectations.

When relying on forward-looking statements to make decisions, we caution readers not to place undue reliance on these statements, as forward-looking statements involve significant risks and uncertainties and should not be read as guarantees of future performance or results, and will not necessarily be accurate indications of whether or not the times at or by which such performance or results will be achieved. For further details on the forward-looking information included in this presentation, see “Cautionary Note Regarding Forward-Looking Information” in Andlauer Healthcare Group’s Annual Information Form (“AIF”) dated March 2, 2023 and the Company’s most recent Management Discussion & Analysis (“MD&A”). A number of factors could cause actual results to differ, possibly materially, from the results discussed in the forward-looking statements. Prospective investors should carefully consider the risk factors described in the Company’s AIF and most recent MD&A, before making an investment decision. The Company’s AIF and most recent MD&A are filed on SEDAR and posted on the Company’s website.

Certain statements included in this presentation may be considered a “financial outlook” for purposes of applicable Canadian securities laws, and as such, the financial outlook may not be appropriate for purposes other than this presentation. All forward-looking information in this presentation is made as of the date hereof. Except as expressly required by applicable law, we assume no obligation to update or revise any forward-looking information, whether as a result of new information, future events or otherwise. All of the forward-looking information contained in this presentation is expressly qualified by the foregoing cautionary statements.

Non-IFRS Measures and Industry Metrics

This presentation makes reference to non-IFRS measures, including “EBITDA” and “EBITDA Margin”. These non-IFRS measures do not have standardized meanings prescribed by IFRS and therefore may not be comparable to similar measures presented by other companies. They are used to provide investors with supplemental measures of our operating performance and thus highlight trends in our core business that may not otherwise be apparent when relying solely on IFRS measures. We also believe that securities analysts, investors and other interested parties frequently use non-IFRS measures in the evaluation of issuers. Our management will also use non-IFRS measures and in order to facilitate operating performance comparisons from period to period, to prepare annual operating budgets and forecasts and to determine components of management compensation. Please refer to the Company’s most recent MD&A for further discussion of these non-IFRS financial measures and for a reconciliation to comparable IFRS measures, including net income and comprehensive income.

Market and Industry Data

This presentation includes market and industry data and forecasts that were obtained from third-party sources, industry publications and publicly available information as well as industry data prepared by management on the basis of its knowledge of the healthcare logistics and transportation services industry in which we will operate (including management’s estimates and assumptions relating to the industry based on that knowledge). Management’s knowledge of the healthcare logistics and transportation services industry has been developed through its experience and participation in the industry. Management believes that its industry data is accurate and that its estimates and assumptions are reasonable, but there can be no assurance as to the accuracy or completeness of this data. Third-party sources generally state that the information contained therein has been obtained from sources believed to be reliable, but there can be no assurances as to the accuracy or completeness of included information. Although management believes it to be reliable, we have not independently verified any of the data from management or third-party sources referred to in this presentation, or analyzed or verified the underlying studies or surveys relied upon or referred to by such sources, or ascertained the underlying economic assumptions relied upon by such sources.

Logistics Players

NATIONAL INFRASTRUCTURE

- Nationwide coverage with 31 leased facilities, and six third-party cross-docks
- More than 2.2 million sq. ft. of operating space¹
- GMP-licensed and temperature mapped distribution facilities

TEMPERATURE MANAGEMENT

- Dedicated facilities
- Specialized vehicles
- Customized packaging

QUALITY ASSURANCE

- Highly regulated environment
- Significant GMP and GUI-0069 experience
- Long-standing relationships

SUPPLY CHAIN VISIBILITY

- Proprietary IT systems
- Reporting and regulatory compliance
- Purpose built monitoring system

SECURITY

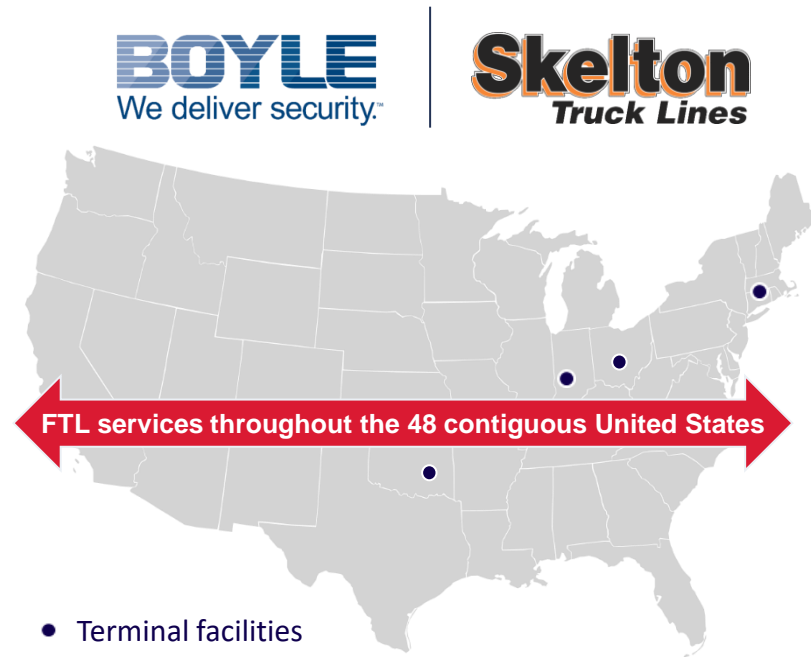

- Specialized management protocol for high value and controlled products
- Health Canada compliant vaults

1. Square footage excludes cross-docks

Truckload Coverage of the Contiguous 48 U.S. States

Boyle Transportation and Skelton USA have of a combined fleet of 180 trucks and 300 trailers, providing:

- Validated temperature control
- GPS tracking / security monitoring
- Transport of temperature-sensitive pharmaceuticals, biologics and vaccines
- Specialized management protocol for high value and controlled products
- Cross-border service (Canada / U.S.)
- Boyle generates approximately 20-25% of its revenue from U.S. defense sector

Acquisitions of Boyle and Skelton USA forms strategic platform for growth in U.S. market

Technology Supporting a Comprehensive Service Platform

- AHG's proprietary information systems enable end-to-end monitoring, offer complete supply chain visibility and are integrated with those of our clients and end customers

FLEET-INTEGRATED HARDWARE

FULL VISIBILITY REPORTING

Strong Financial Performance

Revenue (\$ millions)

EBITDA (\$ millions) / EBITDA Margin (%)^{1 2}

1. EBITDA is defined as net income (loss) and comprehensive income (loss) for the period before: (i) income tax (recovery) expense; (ii) interest income; (iii) interest expense; and (iv) depreciation and amortization
2. Excluding the gain of \$37.9 million on the step acquisition of 51% of Skelton USA Inc. in Q4 2021

Experienced Management Team Aligned with Shareholders

- 200 + combined years working in the logistics, transportation and healthcare industries
- CEO, through AMG, holds ~ 52% interest in AHG, combined with equity ownership by other management team members, ensures strong alignment with shareholders

Q2 2023 Financial Review

Q2 2023 Financial Review

- Year-over-year decline in revenue primarily reflects superior U.S. ground transportation rate premiums, higher revenue related to COVID-19 vaccines and ancillary products, higher fuel surcharges and unusually high air freight forwarding volumes in Q2 2022.
- ~ 0.8% of revenue generated from distribution of COVID vaccines and ancillary products, compared to ~ 2.6% in Q2 2022.

(In 000's, except percentages)	Three months ended June 30, 2023	Three months ended June 30, 2022	Change
Revenue			
Logistics and Distribution	\$ 39,438	\$ 41,845	(5.8)%
Packaging	4,236	6,164	(31.3)%
Healthcare Logistics Segment	43,674	48,009	(9.0)%
Ground Transportation	103,451	106,332	(2.7)%
Air Freight Forwarding	7,678	11,534	(33.4)%
Dedicated and Last Mile Delivery	16,339	17,117	(4.5)%
Less: Intersegment Eliminations	(13,785)	(13,590)	1.4%
Specialized Transportation Segment	113,683	121,393	(6.4)%
Total Revenue	\$ 157,357	\$ 169,402	(7.1)%

Q2 2023 Financial Review

1. EBITDA is defined as net income (loss) and comprehensive income (loss) for the period before: (i) income tax (recovery) expense; (ii) interest income; (iii) interest expense; and (iv) depreciation and amortization

YTD 2023 Financial Review

- The year-over-year decline in net income and EBITDA is primarily attributable to reduced contributions from Boyle Transportation and Skelton USA, lower outbound volume for Accuristix and lower air freight forwarding revenue in Q2 2023, and the decline in revenue related to COVID-19 vaccines and ancillary products.

(In 000s, except percentages and per share amounts)	Six months ended June 30, 2023	Six months ended June 30, 2022	Variance
Revenue			
Logistics and Distribution	\$ 79,961	\$ 75,090	6.5%
Packaging	9,746	11,922	(18.3)%
Healthcare Logistics Segment	89,707	87,012	3.1%
Ground Transportation	211,711	203,826	3.9%
Air Freight Forwarding	15,220	19,130	(20.4)%
Dedicated and Last Mile Delivery	33,470	32,562	2.8%
Less: Intersegment Eliminations	(27,977)	(24,777)	12.9%
Specialized Transportation Segment	232,424	230,741	0.7%
Total Revenue	322,131	317,753	1.4%
Operating expenses	(275,846)	(263,434)	4.7%
Operating income	46,285	54,319	(14.8)%
Net Income	32,244	37,456	(13.9)%
Foreign currency translation adjustment	(5,239)	3,608	N/A
Total comprehensive income	\$ 27,005	\$ 41,064	(34.2)%
EPS (diluted)	\$ 0.76	\$ 0.88	\$ (0.12)
EBITDA	\$ 80,009	\$ 85,713	(6.7)%
EBITDA Margin	24.8%	27.0%	(220 bps)

Strong Balance Sheet

(in \$000s)	As at June 30, 2023	As at Dec. 31, 2022
Cash and cash equivalents	\$ 84,265	\$ 65,855
Total Assets	709,185	712,460
Debt		
Revolving credit facility	--	--
Term facility	49,691	49,557
Lease liabilities	106,352	113,729
Total Debt	156,043	163,286
Total Liabilities	247,457	271,468
Total Equity	461,728	440,992
Net Debt ¹ / LTM EBITDA ²	0.43x	0.56x

1. Net Debt defined as total debt less cash and cash equivalents

2. LTM EBITDA defined as net income (loss) and comprehensive income (loss) for the trailing 12-month period before: (i) income tax (recovery) expense; (ii) interest income; (iii) interest expense; and (iv) depreciation and amortization
